Are you ready to care for your new baby? Here's all the practical advice you need! Distinguished pediatrician Robert Needlman, one of the new team of experts at The Dr. Spock Company, provides the best up-to-date information on your baby's most fundamental needs, with plenty of useful tips on day-to-day care. An easy-to-use reference that you'll turn to again and again, Dr. Spock's Baby Basics will help you: Succeed at breastfeeding and bottle-feeding Encourage good sleep habits, right from the start Bathe, diaper, and groom your baby Choose a crib, a car seat, and other essentials Understand the different causes of crying Start your baby on solid foods, and much more For more than 50 years, Dr. Benjamin Spock was the world's best-known pediatrician. Drawing upon his trusted philosophy of baby and child care, a new generation of experts at The Dr. Spock Company brings today's moms and dads the latest parenting and child-health information. Watch for the next two books in the Take Charge Parenting Guides series: Dr. Spock's Pregnancy Guide and Dr. Spock's Safety & First Aid for Babies and Toddlers.

Offers photographic illustrations with simple word labels and questions intended to help young readers learn basic vocabulary.

Everything that you need to know about your newborn...Fast! In the middle of the night when your newborn won't stop crying, what do you do? How do you know if something serious is wrong? Why does your newborn like to stay up all night in the first place? How do you know if the baby is eating enough? And how do you tell which rashes, noises, and quirks are normal, and which are signs of a bigger problem? Just the Basics, Baby is the instruction book that should have come with your baby. Rather than wading through a big reference book or trying to distinguish myth from reality on the internet, you can get the answers straight from a Pediatrician who works with babies every day. Dr. Tony Bakerink has been a Pediatrician for 17 years and raised three children of his own. He understands your questions and concerns as a new parent. That's why he wrote this book. He gets straight to the point so you can get up to speed quickly on your new baby. Just the Basics, Baby answers your questions gives you the information you need to make good decisions and care for your newborn infant. No rhetoric, no unnecessary details- Just the Basics, Baby!

The essential guide about baby for a new parent -- from birth to 12 months old.

Shows you how to establish an effective daily read-aloud routine to take charge of your baby's future understanding and success. Organized around six stages of early language development from birth to age two.
