Rev. ed. of: Cost accounting: a managerial emphasis / Charles T. Horngren ... [et al.]. 13th ed.

About the book Use the most current information to prepare students for their field · Emphasis on Global Issues reflect today's increasingly global business environment, including: · The importance of joint cost allocation in creating a trade war between poultry farms in South Africa and the United States (Chapter 16). · The text's examples of management accounting applications in companies are drawn from international settings. · Focus on merchandising and service sectors (versus traditional manufacturing settings)highlight the shifts in the US and world economies, includ.

For undergraduate and MBA cost or management accounting courses. Horngren's Cost Accounting spells out the cost accounting market and continues to innovate by consistently integrating the most current practice and theory into the text. This acclaimed, market-leading text emphasises the basic theme of "different costs for different purposes," and reaches beyond cost accounting procedures to consider concepts, analyses, and management. The 17th Edition incorporates the latest research and most up-to-date thinking into all relevant chapters, so that students are prepared for the rewards and challenges they will face in the professional cost accounting world of today and tomorrow.

Contemporary management accounting with Australian examples to bring the content alive for students. This edition prepares students for the rewards and challenges they might face in professional management accounting world through the development of analytical skills, values and behaviours that make management accountants effective in the workplace. It provides a decision-making framework and demonstrates how the analytical tools that students will learn prepare them to contribute to an organisation's success. Maintaining an Australian flavour within a global context it focuses on how management accounting helps managers to make better decisions. MyLab Accounting can be packaged with this edition to engage students and allow them to test their understanding while developing their problem-solving, analytical, critical thinking, and decision-making skills.

For undergraduate and MBA Cost or Management Accounting courses The text that defined the cost accounting market. Horngren's Cost Accounting, defined the cost accounting market and continues to innovate today by consistently integrating the most current practice and theory into the text. This acclaimed, market-leading text emphasizes the basic theme of "different costs for different purposes," and reaches beyond cost accounting procedures to consider concepts, analyses, and management. This edition incorporates the latest research and most up-to-date thinking into all relevant chapters and more MyAccountingLab® coverage! MyAccountingLab is web-based tutorial and assessment software for accounting that not only gives students more "I Get It" moments, but gives instructors the flexibility to make technology an integral part of their course, or a supplementary resource for students.
