Paula Daly's debut novel Just What Kind of Mother Are You? really gripped me from the start. It is well written and the storyline is very relevant to me, and to many mothers my age. That's not to say that it wouldn't appeal to a wider audience, it definitely would, it just had particular resonance to me.

NAMED A MOST ANTICIPATED BOOK OF 2018 BY BuzzFeed □ The Boston Globe □ The Millions □ InStyle □ Southern Living □ Vogue □ Popsugar "With his unerring eye for nuance and unsparring sense of irony, Rumaan Alam's second novel is both heartfelt and thought-provoking." — Celeste Ng, author of *Little Fires Everywhere* From the celebrated author of *Rich and Pretty*, a novel about the families we fight to build and those we fight to keep Like many first-time mothers, Rebecca Stone finds herself both deeply in love with her newborn son and deeply overwhelmed. Struggling to juggle the demands of motherhood with her own aspirations and feeling utterly alone in the process, she reaches out to the only person at the hospital who offers her any real help—Priscilla Johnson—and begs her to come home with them as her son's nanny. Priscilla's presence quickly does as much to shake up Rebecca's perception of the world as it does to stabilize her life. Rebecca is white, and Priscilla is black, and through their relationship, Rebecca finds herself confronting, for the first time, the blind spots of her own privilege. She feels profoundly connected to the woman who essentially taught her what it means to be a mother. When Priscilla dies unexpectedly in childbirth, Rebecca steps forward to adopt the baby. But she is unprepared for what it means to be a white mother with a black son. As she soon learns, navigating motherhood for her is a matter of learning how to raise two children whom she loves with equal ferocity, but whom the world is determined to treat differently. Written with the warmth and psychological acuity that defined his debut, Rumaan Alam has crafted a remarkable novel about the lives we choose, and the lives that are chosen for us.

Tragedy, intense grief, depression, a supreme test of faith, a glimmer of hope in the darkness. What happens when the unthinkable happens and babies die. A crossroad -- give in to the pain or somehow survive. *A Different Kind of Mother* offers a glimpse into a crawl back from the brink of despair. It offers hope for other parents who have experienced devastating loss.

"It is the last season of high school life for Nadia Turner, a rebellious, grief-stricken, seventeen-year-old beauty. Mourning her own mother's recent suicide, she takes up with the local pastor's son. Luke Sheppard is twenty-one, a former football star whose injury has reduced him to waiting tables at a diner. They are young; it's not serious. But the pregnancy that results from this teen romance--and the subsequent cover-up--will have an impact that goes far beyond their youth. As Nadia hides her secret from everyone, including Aubrey, her God-fearing best friend, the years move quickly. Soon, Nadia, Luke, and Aubrey are full-fledged adults and still living in debt to the choices they made that one seaside summer, caught in a love triangle they must carefully maneuver, and dogged by the constant, nagging question: What if they had chosen differently? The possibilities of the road not taken are a relentless haunt."--Amazon.com.

while savoring every moment. Sure to become a new favorite, this book showcases author/illustrator Marianne Richmond's ability to beautifully illustrate the complex emotions we all have.

What it means to be human—and a mother—is put to the test in Carole Stivers's debut novel set in a world that is more chilling and precarious than ever. The year is 2049. When a deadly non-viral agent intended for biowarfare spreads out of control, scientists must scramble to ensure the survival of the human race. They turn to their last resort, a plan to place genetically engineered children inside the cocoons of large-scale robots—to be incubated, birthed, and raised by machines. But there is yet one hope of preserving the human order: an intelligence programmed into these machines that renders each unique in its own right—the Mother Code. Kai is born in America's desert Southwest, his only companion his robotic Mother, Rho-Z. Equipped with the knowledge and motivations of a human mother, Rho-Z raises Kai and teaches him how to survive. But as children like Kai come of age, their Mothers transform too—in ways that were never predicted. And when government survivors decide that the Mothers must be destroyed, Kai is faced with a choice. Will he break the bond he shares with Rho-Z? Or will he fight to save the only parent he has ever known? Set in a future that could be our own, *The Mother Code* explores what truly makes us human—and the tenuous nature of the boundaries between us and the machines we create.

With *Mothers Who Can't Love: A Healing Guide for Daughters*, Susan Forward, Ph.D., author of the smash #1 bestseller *Toxic Parents*, offers a powerful look at the devastating impact unloving mothers have on their daughters—and provides clear, effective techniques for overcoming that painful legacy. In more than 35 years as a therapist, Forward has worked with large numbers of women struggling to escape the emotional damage inflicted by the women who raised them. Subjected to years of criticism, competition, role-reversal, smothering control, emotional neglect and abuse, these women are plagued by anxiety and depression, relationship problems, lack of confidence and difficulties with trust. They doubt their worth, and even their ability to love. Forward examines the Narcissistic Mother, the Competitive Mother, the Overly Enmeshed mother, the Control Freak, Mothers who need Mothering, and mothers who abuse or fail to protect their daughters from abuse. Filled with compelling case histories, *Mothers Who Can't Love* outlines the self-help techniques Forward has developed to transform the lives of her clients, showing women how to overcome the pain of childhood and how to act in their own best interests. Warm and compassionate, *Mothers Who Can't Love* offers daughters the emotional support and tools they need to heal themselves and rebuild their confidence and self-respect.
