In The Valhalla Call we bring the Hayden War Arc that began in On Silver Wings to its startling conclusion. Newly minted Lieutenant Sorilla Aida has a new mission and new allies, gear, and support as she is tasked with a job that could ensure that the human race stands a chance of reaching a technical parity with the mysterious alien alliance.

**Amazon.co.uk: Customer reviews: Open Arms (On Silver Wings**

Open Arms is a worthy addition to an already-great series. The book is excellently written, with Mr. Currie's typically great characterization and action sequences. Sorilla Aida is one of my all-time favorite characters anywhere. The book is more than worthy of a five-star review, in every way but one: the story doesn't quite feel complete.

**Open Arms On Silver Wings Book 7 — h2opulermo.it**

On Silver Wings is a fairly enjoyable read: it has likable characters, a serviceable premise (alien invasion of a newly-colonized planet) and basic respect for the laws of physics. It's hard not to find yourself cheering for Sergeant Aida, and some of the technology that the writer showcases—the smart guns and the powered armor in particular—have a very cool feel.
