An entertaining chronicle, now in paperback, explores the turbulent history and extraordinary achievements of the Trump family, from their first forays into real estate by Friedrich to the over-the-top ambitions of Donald Trump himself. of photos.

The definitive family biography of President Donald Trump. The revealing story of the Trumps mirrors America's transformation from a land of striving immigrants to a world in which the aura of wealth alone can guarantee a fortune. The Trumps begins with a portrait of President Trump's immigrant grandfather, who as a young man built hotels for miners in Alaska during the Klondike gold rush. His son, Fred, took advantage of the New Deal, using government subsidies and loopholes to construct hugely successful

housing developments in the 1940s and 1950s. The profits from Fred's enterprises paved the way for President Trump's roller-coaster ride through the 1980s and 1990s into the new century. With his talent for extravagant exaggeration—he calls it “truthful hyperbole”—President Trump turned the deal-making know-how of his forebears into an art form. By placing this much-publicized life within the context of family, Gwenda Blair adds a new dimension to the larger-than-life figure who ascended to the American Presidency.

Donald Trump, the canny deal maker, is the third generation of an entrepreneurial family with a turbulent history and extraordinary achievements. This book tells the story of the three Trump generations from immigration to fame and wealth. Donald's German grandfather Friedrich came to America with one suitcase. A hotel and saloon keeper during the Klondike gold rush, he later opened a storefront real estate operation. Fred, Friedrich's eldest son, started building houses while still in high school. He constructed thousands of new homes in Brooklyn and Queens, made a fortune, and provided startup capital for his second son, Donald, who became a world-famous developer. Donald Trump's roller-coaster life would become one of the most remarkable in the nation. Illus.

The business magnate discusses his purchases of the Eastern Shuttle and Plaza Hotel, his construction of the Taj Mahal, and his sponsorship of heavyweight boxing, and gives advice on dealing with success and the importance of toughness

Recounts Jessica Savitch's rapid rise in the hard-driving field of TV news as well as the self-destructive personality traits and behaviors that brought about her demise

On the hugely successful hit reality TV show *The Apprentice*, Donald Trump tells his contenders that location and pricing are supremely significant. But in his own life, there have been other maxims: Do whatever it takes to win. Don't spare the chutzpah. Always use the superlative. Make everything into an advertisement for yourself. Whatever happens, always claim victory. Following these personal commandments, he has turned bragging, self-inflation, and showing off into competitive advantages that have brought him national and international renown. In *Donald Trump: Master Apprentice*, best-selling author Gwenda Blair recounts a true-life history with more twists and turns than any television producer could possibly imagine. Towering skyscrapers and glittering casinos, a luxury airline and a football-field-size yacht, steamy affairs and bitter lawsuits, near bankruptcy and stormy feuds -- all this and more are part of the life of Trump. An adaptation and update of her definitive biography, *The Trumps*, this new book provides fresh material on Donald Trump's brushes with bankruptcy, mammoth construction

projects, and ever-expanding place in American life. Drawing on recent interviews with the celebrated real estate magnate, his associates, his rivals, and contestants from his television show, Blair offers new insight into the man who seems to have it all. For the first time, we also get a glimpse of the person who will ultimately decide the fate of the Trump brand: Donald Trump, Jr., the real-life apprentice who hopes to put his own imprint on his father's empire.

In this revelatory, authoritative portrait of Donald J. Trump and the toxic family that made him, Mary L. Trump, a trained clinical psychologist and Donald's only niece, shines a bright light on the dark history of their family in order to explain how her uncle became the man who now threatens the world's health, economic security, and social fabric. Mary Trump spent much of her childhood in her grandparents' large, imposing house in the heart of Queens, New York, where Donald and his four siblings grew up. She describes a nightmare of traumas, destructive relationships, and a tragic combination of neglect and abuse. She explains how specific events and general family patterns created the damaged man who currently occupies the Oval Office, including the strange and harmful relationship between Fred Trump and his two oldest sons, Fred Jr. and Donald. A firsthand witness to countless holiday meals and interactions, Mary brings an incisive wit and unexpected humor to sometimes grim, often confounding family events. She recounts in unsparing detail everything from her uncle Donald's place in the family spotlight and Ivana's penchant for regifting to her grandmother's frequent injuries and illnesses and the appalling way Donald, Fred Trump's favorite son, dismissed and derided him when he began to succumb to Alzheimer's. Numerous pundits, armchair psychologists, and journalists have sought to parse Donald J. Trump's lethal flaws. Mary L. Trump has the education, insight, and intimate familiarity needed to reveal what makes Donald, and the rest of her clan, tick. She alone can recount this fascinating, unnerving saga, not just because of her insider's perspective but also because she is the only Trump willing to tell the truth about one of the world's most powerful and dysfunctional families.

"Love Trumps All!" is a work of fiction that takes the reader, along with its protagonists, on a journey that waves of Indian immigrants have made to the US and back, and many American businessmen have made to India in search of cheap labor since the Y2K phenomenon. It is an illuminating interwoven story of five unlikely friends in a global setting across Silicon Valley, Manhattan, Mumbai, Pune, Khamgaon (representative of small-town India full of youth with stars-and-stripes in their eyes!), Hyderabad and Nepal, as they explore their liberal progressive identities in a world powered by immigration and divided by nationality, religion, and politics. A story that spans the Y2K opportunities of 1990s to the current backdrop of US 2016 presidential election. With rising nationalism and protectionism, uncertainties and anxieties that immigrants to the US face, the story takes on a particularly poignant

hue. Universally recognizable dilemmas of patriotism vs global citizen-hood, traditionalism vs modernity, alienation vs fitting-in make this story one that will be read with equal interest and identification by readers in the US as well as in India. Life-changing events alter the perspectives of the Indian as well as American characters in the book, as their search for identity and the expansion of their horizons takes them half way around the world and back, in search of their true selves. Anant Joshi, a dreamer who chases the American dream during Y2K rush and leapfrogs from a small Indian town to set up one of the hottest and innovative Silicon Valley ventures. Chris O'Brian, an energetic and creative high-tech sales leader from New York who is driven by his passion for life, creativity and making it big. Sameera Qureshi, a young gynecologist from Hyderabad attending her medical residency in California and trying to find love and her true human identity. Amy Cohen, a lively, articulate, compassionate pediatrician who is ready to ride on larger than life waves. Madhura Sharma, journalist and social worker driven by her nationalistic ideals and drive to help others. What happens when their paths intersect and blend?"

Rage is an unprecedented and intimate tour de force of new reporting on the Trump presidency facing a global pandemic, economic disaster and racial unrest. Woodward, the #1 international bestselling author of *Fear: Trump in the White House*, has uncovered the precise moment the president was warned that the Covid-19 epidemic would be the biggest national security threat to his presidency. In dramatic detail, Woodward takes readers into the Oval Office as Trump's head pops up when he is told in January 2020 that the pandemic could reach the scale of the 1918 Spanish Flu that killed 675,000 Americans. In 17 on-the-record interviews with Woodward over seven volatile months—an utterly vivid window into Trump's mind—the president provides a self-portrait that is part denial and part combative interchange mixed with surprising moments of doubt as he glimpses the perils in the presidency and what he calls the "dynamite behind every door." At key decision points, *Rage* shows how Trump's responses to the crises of 2020 were rooted in the instincts, habits and style he developed during his first three years as president. Revisiting the earliest days of the Trump presidency, *Rage* reveals how Secretary of Defense James Mattis, Secretary of State Rex Tillerson and Director of National Intelligence Dan Coats struggled to keep the country safe as the president dismantled any semblance of collegial national security decision making. *Rage* draws from hundreds of hours of interviews with firsthand witnesses as well as participants' notes, emails, diaries, calendars and confidential documents. Woodward obtained 25 never-seen personal letters exchanged between Trump and North Korean leader Kim Jong Un, who describes the bond between the two leaders as out of a "fantasy film." Trump insists to Woodward he will triumph over Covid-19 and the economic calamity. "Don't worry about it, Bob. Okay?" Trump told the author in July. "Don't worry about it. We'll get to do another book. You'll find I was right."

The essential book to understanding Donald Trump as a businessman and leader—and how the biggest deal of his life went down. Now, Barrett's classic book is back in print for the first time in years and with an introduction about Trump's 2016 presidential campaign. Donald Trump claims that his success as a "self-made" businessman and real estate developer proves that he will make an effective president, but this devastating investigative account by legendary reporter Wayne Barrett proves otherwise. Back in print for the first time in years, Barrett's seminal book reveals how Trump put together the biggest deal of his life—Trump Tower—through manipulation and deceit; how he worked with questionable characters from the mafia and city politics; and how it all nearly came crashing down. Here is a vivid and inglorious portrait of the man who wants now to be the most powerful man in the world. In *Trump: The Greatest Show in the World—The Deals, the Downfall, the Reinvention*, Barrett unravels the myth and reveals the truth behind the mogul's wheelings and dealings. After decades covering him, few reporters know Trump as Barrett does. Instead of the canny businessman that Trump claims in his own books, Barrett explores how Trump exploited his father's banking and political connections to finance and grease his first major deals. Barrett's investigative biography takes us from the days of Donald's lonely youth to his brash entry into the real estate market, and to the back room deals behind his New York, Atlantic City and Florida projects. Most compellingly Barrett paints an intimate portrait of Trump himself, a man driven by bravado, obsessive self-regard, and an anxious ruthlessness to subdue his rivals and seduce anyone with the power to aid his empire. We see him head to head with an opponent as powerful as Pete Rozelle, ingratiating himself with the brooding governor on the Hudson, and fueling the Drexel engine driven by Michael Milken with hundreds of millions in fees—paid, ironically, by gaming companies to fend off Trump takeovers. We explore his complicated emotional and business relationship with his first wife, Ivana, and the use he planned to make of his mistress—and later, his second wife—Marla Maples as a "southern strategy" in his then contemplated presidential campaign. With interviews with scores of adversaries and former colleagues, we are given a privileged look at Trump the businessman in action—reckless as often as he is brilliant, reliant on threats as much as on charm, and ultimately a cautionary tale: is this the man we want to lead the world? PRAISE FOR TRUMP: "Trump is a withering portrait of the most self-mythologized and promoted businessman of our era, an exhaustively researched and long-overdue antidote to Trump's own books. It is a penetrating portrait of the age that spawned him and the many who aided and abetted his rise. Trump seems destined to be the definitive account of how Trump got ahead and why he fell. It is a sad story, with important lessons for us all." —James B. Stewart, Pulitzer Prize-winning author of *Den of Thieves* "Donald Trump surprises us again. Wayne Barrett's Trump is a fresh, detailed, and vivid account of the tangled connections of money, politics, and power in our times." —Nicholas Pileggi, author of *Wiseguy*
