Harold Best's rather original work Unceasing Worship provides an opportunity for such sharpening. Further, Best puts forth a biblical framework through which pastors and churches can think generally about the arts, which is useful since we all use at least one art form (music) every week in our gatherings.

"Worship is the continuous outpouring of all that I am, all that I do and all that I can ever have in light of a chosen or choosing god." — Harold Best. Everyone worships. It does not stop and start. We misunderstand worship's biblical meaning when we begin to emphasize specific times, places and methods of our worship.

Harold M. Best casts a holistic vision for worship that transcends narrow discussions of musical style or congregational preference, corrects errors in how Christians have viewed the arts and misunderstandings about the use of music, and offers instead a more biblically consistent approach to artistic action.

"Christian musicians know of the obligation to make music as agents of God's grace. They make music graciously, whatever its kind or style, as ambassadors of Christ, showing love, humility, servanthood, meekness, victory, and good example . . . Music is freely made, by faith, as an act of worship, in direct response to the overflowing grace of God in Christ Jesus." Co-sponsored by the Christian College Coalition, this thought-provoking study of music-as-worship leads both students and experienced musicians to a better understanding of the connections between music making and Christian faith. "Christian music makers have to risk new ways of praising God. Their faith must convince them that however strange a new offering may be, it cannot out-reach, out-imagine, or overwhelm God. God remains God, ready to

swoop down in the most wonderful way, amidst all of the flurry and mystery of newness and repetition, to touch souls and hearts, all because faith has been exercised and Christ's ways have been imitated. Meanwhile, a thousand tongues will never be enough." Best relates musical practice to a larger theology of creation and creativity, and explores new concepts of musical quality and excellence, musical unity, and the incorporation of music from other cultures into today's music.

Dumbfounded Praying is a book of no-limits, uninhibited praying-dumbfounded praying. It is a confessing book, an idea book, a wrestling and praise-filled book, and like the Psalms, intensely personal, but certainly not private. These prayers

are for everybody who is thirsty and hungry, who doubts, who might be unsure of the value of prayer; they are for anybody who wants to question, confess, praise, lament, imagine, and speculate. This book is open to all who love the richness of speech with God and want his everlasting richness to flood their minds, hearts, and circumstances in return. Prayer is more than a narrow, tidied list of "proper things" to talk to God about. Nothing is off-limits with God, for he intimately knows what fills our minds, stirs in our hearts, and frames our circumstances. God invites us to talk everything over with him, honestly, fearlessly, even imaginatively. Out of sheer love, God has eternally befriended himself to us and asks us into his confidence and in turn invites us to confide freely in him. God wants us to know that while we would rather talk

than listen, he always listens before he talks, and when he does, it is always with his Word, strongly yet sweetly offered to us by his Spirit and made eternally sure by his Son. This Word is inevitably filled with mercy, love, grace, forgiveness, correction, and unblemished wisdom.

What is the nature of true worship? What are we actually doing when we meet together for 'church' on Sundays? And how does that connect with what we do the rest of the week? Vaughan Roberts answers these questions and more, as he brings readers back to the Bible in order to define what worship is and isn't, and what it should and shouldn't be. While we may struggle to define worship by arguing about singing hymns with the organ, versus modern songs with

Online Library Unceasing Worship Harold Best

guitars and drums, or about the place of certain spiritual gifts, Roberts suggests we are asking the wrong questions. For true worship is more than this - it is to encompass the whole of life. This book challenges us to worship God every day of the week, with all our heart, mind, soul and strength.

In this compelling and hard-hitting book, respected preacher and teacher Thomas Long identifies and responds to what he sees as the most substantive theological forces and challenges facing preaching today. The issues, he says, are fourfold: the decline in the quality of narrative preaching and the need for its reinvigoration; the tendency of preachers to ignore God's action and presence in our midst; the return of the church's old nemesis, gnosticism--albeit in a milder

form--evidenced in today's new "spirituality"; and the absence of eschatology in the pulpit. Long once again has his finger on the pulse of American preaching, demonstrated by his creative responses to these challenges. Whether he is calling for theologically smarter and more ethically discerning preaching, providing a method of interpretation that will allow pastors to recover the emphasis on God in our midst, or encouraging a kind of "interfaith dialogue" with gnosticism, he demonstrates why he has long been considered one of the most thoughtful and intelligent preachers in America today.

□What is at stake is authenticity. . . . Sooner or later Christians tire of public meetings that are profoundly inauthentic, regardless of how well (or poorly) arranged, directed, performed. We long to meet, corporately, with the living and majestic God and to offer him the praise that is his due.□D. A. CarsonWorship is a hot topic, but the ways that Christians from different traditions view it vary greatly. What is worship?

More important, what does it look like in action, both in our corporate gatherings and in our daily lives? These concerns—the blending of principle and practice—are what *Worship by the Book* addresses. Cutting through cultural clichés, D. A. Carson, Mark Ashton, Kent Hughes, and Timothy Keller explore, respectively: · *Worship Under the Word* · *Following in Cranmer's Footsteps* · *Free Church Worship: The Challenge of Freedom* · *Reformed Worship in the Global City* —This is not a comprehensive theology of worship, writes Carson. —Still less is it a sociological analysis of current trends or a minister's manual chockfull of —how to— instructions. — Rather, this book offers pastors, other congregational leaders, and seminary students a thought-provoking biblical theology of worship, followed by a look at

Online Library Unceasing Worship Harold Best

how three very different traditions of churchmanship might move from this theological base to a better understanding of corporate worship. Running the gamut from biblical theology to historical assessment all the way to sample service sheets, *Worship by the Book* shows how local churches in diverse traditions can foster corporate worship that is God-honoring, Word-revering, heartfelt, and historically and culturally informed.

Explores why the Christian church was able to contribute so generously to music from its earliest days and why it is now in a state of creeping artistic paralysis.

Worship is of immense concern in the church and ironically

Online Library Unceasing Worship Harold Best

the source of controversy and dispute. Can we get behind the question of what style of worship we should engage in to understand the bedrock foundation for God's people--honoring him as he desires? Is the dissatisfaction with worship voiced by so many perhaps a result of our having wandered from biblical teaching on the subject? Through careful exegesis in both Old and New Testaments, David Peterson unveils the total life-orientation of worship that is found in Scripture. Rather than determining for ourselves how we should worship, we, his people, are called to engage with God on the terms he proposes and in the way he alone makes possible. This book calls for a radical rethinking of the meaning and practice of worship, especially by those responsible for leading congregations. Here is the starting
